Date: 27 November 2008

Dear Mr Przelaskowski

Re: Stanisław Przelaskowski

Thank you for your recent letter. I confirm we hold the service record of the above-named.

I regret to say, however, that I cannot immediately give you the information, which you seek. All Ministry of Defence personnel records are held in confidence and so to protect this confidence and in view of the Data Protection Act, we do not disclose details from them unless we have the written authority of the person concerned - the subject of the record.

If the above named is deceased, the official next of kin must give this authority. We therefore need to establish who is the official next of kin and so I am enclosing one of our "Certificate of Kinship" forms, which deals with this point and which you should complete and return. You will also be required to provide the following documentation:

Death Certificate of ex-serviceman and

- **Marriage Certificate** (in the case of widows)
 - **Birth Certificate** (children) + **Death Certificate** of mother if applicable or written consent if information is to be released to a person other than the widow
 - **Any other documents**, which prove kinship
- Photocopies of documents are acceptable

Information is issued free of charge to ex-servicemen and their widows. All other interested parties are charged £30 for the service. Payment from Poland may be made by Banker's Draft (czek bankierski), which can be arranged at Bank Polska Kasa Opieki SA. This should be made payable to: **MOD Accounting Officer.**

I look forward to hearing from you.

Yours sincerely

B KROLL (Mrs)
